Preface

Hickory was first chartered as a town in 1870. This charter was amended in 1879, and March, 1913, the citizens by a large majority adopted what is known as the City Manager form of government, being the first city in North Carolina and one of the first in the United States to adopt this plan.

LOCATION

Hickory is situated in the central section of North Carolina on the Asheville Division of the Southern Railway, 80 miles east of Asheville and 54 miles northwest of Charlotte. It is in the heart of what is termed the Piedmont Section of the State, situated at the foot of the Blue Ridge Mountains. The city is protected from extreme temperature in Winter and Summer by these peaks that rise thousands of feet in height. To the north, west and south extend the Blue Ridge range. Hickory enjoys a year-round climate that is unexcelled anywhere, free from the rigors of northern winters and the extreme heat of the summers farther south. It is also protected from the storms of the middle western plains. This section offers to those seeking a change of location an ideal, evenly balanced winter and summer climate. The average, annual temperature for the past ten years has been 60.2 degrees, with a record of more than 300 days of sunshine each year. The summer nights are cooled by the mountain breezes, the temperature frequently ranging 20 degrees lower than that of mid-day.

PREFACE

(Continued from Page Nine))

the United States Government for the reception of foreign students. Lenoir Rhyne College is officially registered as a standard college by the Department of Public Instruction of the states of North Carolina, New York and Pennsylvania and other states to which application for such registration has been made. The present enrollment of Lenoir Rhyne College is 773. In the near future Lenoir Rhyne will go forward with a building program already blue printed calling for an expenditure of approximately $600,000.00.

The Evans College of Commerce now gives day and night courses to an average of 130 students.

WORTH ELLIOTT CARNEGIE LIBRARY

Founded in 1932, the Worth Elliott Carnegie Library has grown from the small beginning of 1,820 volumes to one of the best libraries in the State of North Carolina.

It now has a book collection of 23,652 volumes, a circulation of 111,920. The Library consists of the Main Library and the Twelfth Street Branch for colored citizens.

The growth of the library has been so striking that the present plant has become inadequate and plans have been completed to erect modern libraries for both white and colored citizens.

CEMETERIES

Municipally owned and maintained cemeteries are Oakwood, Houck's Chapel, Highland and Ridgewood (colored) cemeteries. The Highland cemetery, consisting of 30 acres, was recently designed and developed. Each of the above named cemeteries were carefully planned, beautifully designed and offer adequate burial grounds.

AIRPORT

In 1938 construction was begun on the present Hickory Municipal Airport. This airport is recognized today as one of the leading airports of North Carolina. It provides landing facilities for the largest aircraft. It is a regular stop on the Knoxville to Norfolk route of the Pennsylvania Central Airlines and the Charlotte to Chicago route of the Twentieth Century Airlines. Every effort is being made to secure stops by Northeastern Airlines.

The field was used extensively as an air training center by the Navy until July, 1944, thereby making a valued contribution to the war effort.

The airport is conveniently located, being 2.5 miles northwest of the center of Hickory. The following represents an outlined description of the airport and its major characteristics:

Investment—$1,000,000.00.
Area—147.7 acres.
Hanger—100 by 125 feet.
Administration building—one.
Repair shop—40 by 60 feet.
Type of field—Sod.
Paved runways—one NE-SW 4400 feet long by 150 feet wide, NW-SE 2900 feet long by 100 feet wide, N-S 4400 feet long by 150 feet wide.

The airport has adequate lighting facilities. The CAA, for the guidance of aircraft, has installed a Radio Range Station in Hickory.

POWER

The Hickory area is in the center of the great hydroelectric development of the Duke Power Company whose chain of power sites along the Catawba River—which forms the northern and eastern boundaries of Catawba County—has made this stream the Niagara of the South.

Hickory is also the headquarters of the Piedmont Gas Company, serving this area.

TRANSPORTATION

Hickory is located on the Asheville division of the Southern Railway and is headquarters of the Carolina & Northwestern Railway. Operated jointly, these two lines provide fast, economical east-west, north-south freight and passenger connections and Pullman service to such points as New York and Chicago. On a 24-hour average Hickory is served by one freight or passenger train for every 36 minutes.

Twelve motor express companies provide quick, dependable through freight and pick-up service. The Queen City Coach Company operates scores of busses daily. Local transportation is provided by the City Bus Lines, which serves the city and suburban areas with scheduled service, and 85 taxicabs.

RAW MATERIALS AND WATER SUPPLY

Over 18 million acres of forest lands, a $45,000,000 horticultural crop annually, great plant cellulose resources and 30 minerals with commercial possibilities are found in North Carolina.

Hickory draws its water supply from the 22-mile-long Lake Hickory on Catawba River and thus has access to an unlimited source of high grade water.

Water purification facilities in Hickory now have a capacity of 4,000,000 gallons per day.

LABOR SUPPLY

Adaptability of the native-born intelligent population here has been conclusively demonstrated by the remarkable industrial development in the past two decades. Years of manufacturing in the Hickory area has resulted in an accumulation of skilled workers, particularly in hosiery, cotton-textiles and wood-working industries.

MARKETS

Located in a low-living-cost, low-production-cost region, within striking distance of the main harbors of the Atlantic and Gulf, Hickory is within 500 miles of 55 per cent of the total population of the United States. Proximity to the nation's largest consuming markets has been a vital factor in the industrial growth of the Piedmont.

LEGISLATION

North Carolina has long been aware of the economic importance of amicable relations between government and business, and between capital and labor. Its tax trend is downward because the state has passed the peak of expenditures for its services and facilities. There is no state tax on real property.

TRADE AND COMMERCE

The 1940 census shows a population of 138,454 within a twenty mile radius of the business district of Hickory. Approximately 85% of this population is native white, thus offering an unusually attractive opportunity for the retail and wholesale merchants. This population also offers an attractive labor market for industry.

INDUSTRIES

Hickory is the hub of an important industrial area in the Western Piedmont section of North Carolina. Located in Hickory are 190 industrial plants, widely diversified as to products. Ninety percent of the capital invested in these plants is furnished by Hickory investors. Among the products manufactured are dining room, bedroom and parlor furniture and various occasional pieces, church and theater furniture, juvenile and kindergarten furniture, wooden boxes, brass, bronze and iron castings, building materials, creamery products, cotton mill supplies, farm wagons, harness and leather goods, interior mill work, overalls and work shirts, paper boxes and cartons, pumps, sash cord, shoe strings, pottery, tapestries, flour and feed, blinds, chemicals, mattresses, textile product, etc.

Besides these many diversified products, there are 40 hosiery and knitting mills, furnishing employment to several thousand employees.

Hickory is the largest cordage manufacturing center in the world.

CONCLUSION

Hickory became known as "North Carolina's Best Balanced and Fastest Growing City" following a survey of the Atlantic Coast states made a short while ago by the largest eastern transportation company when the head of that company declared Hickory to be the Best Balanced City in America. Whether or not Hickory is the Best Balanced City in America, everyone familiar with its diversified, industrial and agricultural development, its geographic location, its climate, and the outstanding and unselfish community spirit of its people, is agreed that it is an ideal place in which to live.

Hickory is a city of home owners, 75% of the inhabitants owning their own property.

The citizens are church-going people and almost every denomination in the South is represented here.

The most recent example of the spirit of her people has been publicized throughout the nation—that of converting a small summertime health camp designed for a few underprivileged boys and girls of the county, into an emergency hospital to care for the victims of infantile paralysis. Although only six victims of polio came from within the corporate limits of Hickory, these people, through their initiative and resourcefulness, built and to a large extent, managed a hospital caring for more than 450 polio victims coming from every section of the state of North Carolina.

Hickory has a very active retail Merchants Association, Community Chest and Chamber of Commerce.

NAMES APPEARING IN BLACK LETTERS

IN THIS DIRECTORY are the names of those people who accomplish things and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that energy and push so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

CITY DIRECTORY

Write Us!

Our Directories Give Satisfaction.

Our Directories are Endorsed by Many Business Organizations.

Our Directories Have a National Reputation.

We are the Only Directory Firm of any size with Home Office in the South.

THIS DIRECTORY

IS "SOUTHERN MADE"

SOUTHERN DIRECTORY CO.

Publishers of Quality Directories "Since 1905"

15 Rankin Avenue **Asheville, N. C.**

THE CITY DIRECTORY

places the city on the map and is its only representative to the world beyond the city gates.

It is the city's catalogue of business and represents the city, its citizens, business enterprises and institutions in every corner of the United States.

It is, therefore, the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication can or does.

Its Classified Business Section furnishes a list of all trades, professions and pursuits, constituting a special trade directory or buyers' guide and is the best advertising medium on earth.

VOL. XI 1947-1948 VOL. XI

NOTE—Streets are arranged in alphabetical order. All house numbers are arranged numerically following the description and location of each street, giving the name of householder. The number in parenthesis after name denotes number of occupants in each house.

Dash (—) before name denotes that number is wanting.

(◎)—Before name denotes home-owner.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.

LENOIR RHYNE COLLEGE

GENERAL INFORMATION

Lenoir College was formally opened September 1, 1891. The beautiful and extensive campus was the gift of Captain Walter Lenoir, in whose honor the College was named. In 1923 the name of the College was changed to Lenoir Rhyne College in honor of Mr. Daniel Efird Rhyne, who has been the chief benefactor in the advancement of the College.

The following presidents have served the College: Dr. R. A. Yoder, 1891-1901; Dr. R. L. Fritz, 1901-1920; Dr. J. C. Peery, 1920-1925; P. E. Monroe, 1925-1926; Dr. H. B. Schaeffer, 1926-1934; P. E. Monroe, D. D., 1934——.

Under the administration of President Schaeffer the College was admitted to membership in the Southern Association of Colleges and Secondary Schools.

CAMPUS AND BUILDINGS

The campus, located in the city of Hickory, consists of 40 acres on which there are eleven buildings. The more recent building program includes the erection of the Daniel Efird Rhyne Administration Building; Mauney Hall, dormitory for girls; the College Dining Hall, in 1928. The Russell Home, with two acres of ground was acquired in 1941. Mauney Hall Annex for girls was erected in 1941. The Carl A. Rudisill Library, gift of Mr. C. A. Rudisill and family, Cherryville, was erected in 1942. The Semi-Centennial effort, begun in 1941, has amounted to over a half million dollars. The largest units in this effort are $100,000 from the citizens of Hickory, for an Auditorium; $100,000 from the Shuford Mills, for a gymnasium which will be a memorial to the late A. A. Shuford, Sr., father of A. Alex, W. B. and Harley F. Shuford, of Hickory; $100,000 from Mr. L. L. Minges and family for a memorial to Mr. Minges' father, the late Mr. John F. Minges of Catawba County; $15,000 from Mr. W. B. Rhyne for an infirmary to be a memorial to his son, the late W. B. Rhyne, Jr. These buildings will be erected as soon as conditions permit.

LIBRARY

The college library of 25,000 volumes provides adequate facilities for the students and faculty in reading, studying, and research. The books are classified and catalogued according to the Dewey Decimal System.

COLLEGE ACTIVITIES

Lenoir Rhyne College has a Literary Society, National Honorary Journalistic and Dramatic Fraternities, A Cappella Choir, Debating Teams, Playmakers, etc.

The students publish an annual *The Hacawa,* and a weekly newspaper, *The Lenoir Rhynean.*

RELIGIOUS ACTIVITIES

Lenoir Rhyne affords opportunity for participation in various religious activities. Chapel services are conducted regularly; Church and Sunday School services are held every Sunday on the campus; The Luther League, The Lutheran Student Association, Diakonian Club, Young Women's Missionary Society, and Y. W. C. A. are active. Students have access to churches of all denominations in Hickory.

HEALTH AND PHYSICAL EDUCATION

Lenoir Rhyne College has an excellent department of Health and Physical Education for both men and women.
